- One more highlighted example

May 2015 - August 2017
DevOps Engineer @ Defi Solutions
 Lisbon, Portugal
Built and managed cloud infrastructure on AWS and Google Cloud platforms.Implemented Docker containerization and automated deployment using Jenkins.Configured and maintained Ansible playbooks for infrastructure automation and configuration management.Conducted regular security audits and implemented measures to improve security posture.

April 2015 - January 2015
Software Engineer @ BlackBee Inc.
 Aveiro, Portugal
Work with development teams to design and develop software applications using Java, Spring, and Hibernate.Automate build, test, and deployment processes using tools such as Jenkins, Ansible, and Docker to improve software delivery speed and quality.Design and maintain cloud-based infrastructure using AWS services such as EC2, S3, and RDS.

VOLUNTEERING

Jan, 2019 - Dec, 2021
Technical Mentor @ Code for Good
Mentored junior developers in open source projects focused on social impact applications.

- Awarded 'Volunteer of the Month' for outstanding contribution
- Led a team of 5 volunteers in developing a disaster relief coordination app

- Conducted weekly coding workshops for underrepresented communities

Jun, 2018 - Current
Event Organizer @ Local Tech Meetup
Organized monthly tech meetups bringing together 100+ developers and tech enthusiasts.

- Increased meetup attendance by 200% over 2 years
- Secured sponsorships from major tech companies

PROJECTS

CloudFormation Templates
https://example.com
Developed a set of reusable CloudFormation templates to automate the deployment of cloud infrastructure resources on AWS.

EDUCATION

2013 - 2015
Master Computer Engineering @ Alta Nova University
 Lisbon, Portugal

Major courses: Protocol Management | Finance | Blockchain

Grade: Graduated

2010 - 2013
Bachelor Computer Science @ Pedro Alto University
 Lisbon, Portugal

Major courses: Algorithms | Network | Security | Unix

Grade: Graduated

CERTIFICATIONS

Docker Certified Associate (DCA)
Docker

Certified Kubernetes Administrator (CKA)
Kubernetes
